Know what the **news** is...

The screenshot shows the EXAA mobile app interface. At the top is a black status bar with icons for signal, Wi-Fi, battery, and time (15:39). Below this is a red header bar with the EXAA logo on the left and the word 'NEWS' on the right. The main content area displays a list of news items, each with a date, a bold title, and a short description. The items are separated by thin horizontal lines. At the bottom of the screenshot is a red navigation bar with four white text options: 'DAILY', 'HISTORY', 'ANALYSIS', and 'NEWS', each separated by a vertical line.
